

SLZA

The music group SLZA was introduced by its first song “Lhůta Záruční” in October 2014. Leaders of this pop music group are Petr Lexa and Lukas Bundil. “Lhůta záruční” has become the most watched song on Czech YouTube. In 2015 two other favourite songs named Katarze and Celibát were made in cooperation with Xindl X.

My favourite song is Celibát, because it has a beautiful melody and when I think about it there are some secret ideas.

Chceš jen hrát, se mnou hrát, tu hru co nemá řád.
Za vítězství ani jednou nevyhrát...
Chceš jen hrát, tu hru co nemá řád,
stejně vím, že mě to bude vždycky brát.

They prefer teenager fashion, they do not have a specific type of fashion.

They sing only in the Czech Republic and they sing in Czech. They have made only one album so far named Katarze. This album has received several awards - for example “Platinová deska”. They organized more than 50 concerts in summer 2016. Petr Lexa is also a YouTuber with more than 700 000 subscribers.
